Refreshments to follow – in lobby area of Auditorium

---

## Graduate Program in Bioethics

### Welcome

To Nicholas (Nick) Colgrove, PhD, Post-Doctoral Fellow for the Graduate Program in Bioethics, the Philosophy Department, and the Center for Bioethics, Health & Society

He recently completed his PhD in philosophy at Baylor University, where he spent the last four years teaching courses in bioethics. As a teacher, he is especially invested in crafting courses and seminars that serve the needs and interests of his students and that better equip them to pursue the particular goals they have set for themselves.

At Baylor, he received the Outstanding Graduate Student Teaching Award in Spring 2019. Over the last few months, he has had a handful of articles accepted for publication in *Journal of Medical Ethics* and *Journal of Medicine & Philosophy* (among others).

Lately, his work has been devoted to beginning of life issues as well as the role of religious perspectives in clinical practice. Looking ahead, he plans to investigate the impact of emerging reproductive technologies on the concepts of birth and personhood, as well as various points of intersection between medical practice and virtue theory.

Nick’s research can be found here: [https://www.researchgate.net/profile/Nicholas_Colgrove](https://www.researchgate.net/profile/Nicholas_Colgrove)
Graduate Program in Bioethics

The Bioethics Graduate Program at Wake Forest University is accepting applications for Spring 2020, Summer 2020 (certificate/online courses) and Fall 2020 admission.

The Program provides an educational opportunity in bioethics for current and future professionals, including health care providers, researchers in biomedicine and the life sciences, lawyers, and professionals in health and research administration and the biotechnology industry.

The program is attractive to working professionals as well as students in pre-health, pre-law, and humanities programs who will continue onto professional schools and/or doctoral programs. The students in the Bioethics program bring a diversity of academic, employment, and life experiences to the classroom. The program faculty is nationally recognized in the field of bioethics.

The small class sizes and versatile curricular options enable students to tailor the program to their individual interests. The program emphasizes face-to-face interaction, promotes scholarly and interpersonal communicative capabilities, and fosters close relationships among students, faculty and alumni.

The Graduate Program offers a Master of Arts degree and three Graduate Certificate options, as well as several joint degree options. The program is flexible for both full and part-time study.

For more information, including program philosophy, course and faculty listings, and application procedures, please contact Vicky Zickmund, (336-716-1499) as well as visit the website: [http://bioethics.wfu.edu/academic/graduate-programs](http://bioethics.wfu.edu/academic/graduate-programs).

Graduate Program in Bioethics

ANNOUNCEMENT

GRADUATE CERTIFICATE SUMMER ADMISSION WITH ONLINE COURSES

Interest in Wake Forest University’s Bioethics Graduate Program educational offerings continues to grow beyond our immediate geography. Therefore, the graduate program is now offering summer admission to its certificate options (Graduate Certificate in Bioethics, Graduate Certificate in Biomedical Research Ethics, and Graduate Certificate in Clinical Bioethics).

The Graduate Certificate is a freestanding program of graduate study in which students may take the same courses as students in the Master of Arts in Bioethics graduate program. It is offered to increase the flexibility and attractiveness of graduate study in bioethics, particularly to working professionals who wish to add bioethics knowledge to their professional practice. Summer admission is geared toward individuals interested in taking summer online courses to meet some or all of the graduate certificate requirements.

For more information about Graduate Certificate options, click: [http://bioethics.wfu.edu/academic/graduate-programs/graduate-certificates/](http://bioethics.wfu.edu/academic/graduate-programs/graduate-certificates/)

and/or contact Vicky Zickmund (zickmuvl@wfu.edu)
Opportunities

**Funding:** The Center for Bioethics, Health & Society is now accepting applications for grants up to $8,000 for research, course development and other scholarly projects pertaining to Bioethics. The proposal deadline is January 13, 2020.

The **Center for Bioethics, Health & Society** also accepts, on a rolling basis, applications for small grants to support Bioethics activities. For information and the application form for this funding opportunity, please see the **CBHS Funding Application** on the Center’s website.

**Donation Button:** There is now a donation button online on our website home page, please scroll down to, "**Support Our Programs**". This is an opportunity to give to the Center for Bioethics, Health and Society, or directly to the Graduate Programs of Bioethics. Thank you for considering Wake Forest Bioethics in your annual giving campaign!
