FEBRUARY 25: NARRATIVE MEDICINE PRINCIPLES AND PRACTICES

Aimee Mephram, MFA, Assistant Director. Humanities Institute & Co-chair, Humanities Institute’s Story, Health & Healing Initiative, Wake Forest University

Aimee Mephram will present an overview of the principles and practices of Narrative Medicine, the clinical and scholarly movement that explores the central role of story in healthcare. They will lead the audience through the close reading of a "short text" and a reflective writing exercise.

4:00-5:30PM

Autumn Room, Reynolda Hall, Wake Forest University
Reception to follow

Congratulations

CONGRATULATIONS to **Riyan Deria**, Wake Forest University, for the publication of the paper *“Suicidality, Depression, and the FDA: Health Inequities and the Ethical Conduct of Research”*.

Riyan worked with **Ana S. Iltis, PhD**, Director for the Center for Bioethics, Health & Society, Wake Forest University, Winston-Salem, North Carolina and **William V. McCall, MD, MS**, Department of Psychiatry and Health Behavior, Medical College of Georgia at Augusta University, Augusta, Georgia.

Riyan is a Junior at Wake Forest University majoring in Psychology, with a minor in Bioethics, Humanities and Medicine.

The paper is published in **The Journal of Clinical Psychiatry** and can be viewed [here](#).

Graduate Program in Bioethics

ANNOUNCEMENT

GRADUATE CERTIFICATE SUMMER ADMISSION WITH ONLINE COURSES

Interest in Wake Forest University's Bioethics Graduate Program educational offerings continues to grow beyond our immediate geography. Therefore, the graduate program is now offering summer admission to its certificate options (Graduate Certificate in Bioethics, Graduate Certificate in Biomedical Research Ethics, and Graduate Certificate in Clinical Bioethics).

The Graduate Certificate is a freestanding program of graduate study in which students may take the same courses as students in the Master of Arts in Bioethics graduate program. It is offered to increase the flexibility and attractiveness of graduate study in bioethics, particularly to working professionals who wish to add bioethics knowledge to their professional practice. Summer admission is geared toward individuals interested in taking summer online courses to meet some or all of the graduate certificate requirements.

For more information about Graduate Certificate options, click :
(<http://bioethics.wfu.edu/academic/graduate-programs/graduate-certificates/>)
and/or contact Vicky Zickmund (zickmuvl@wfu.edu)

Graduate Program in Bioethics

The Bioethics Graduate Program at Wake Forest University is accepting applications for Summer 2020 (certificate/online courses), Fall 2020 and Spring 2021 admission.

The Program provides an educational opportunity in bioethics for current and future professionals, including health care providers, researchers in biomedicine and the life sciences, lawyers, and professionals in health and research administration and the biotechnology industry.

The program is attractive to working professionals as well as students in pre-health, pre-law, and humanities programs who will continue onto professional schools and/or doctoral programs. The students in the Bioethics program bring a diversity of academic, employment, and life experiences to the classroom. The program faculty is nationally recognized in the field of bioethics.

The small class sizes and versatile curricular options enable students to tailor the program to their individual interests. The program emphasizes face-to-face interaction, promotes scholarly and interpersonal communicative capabilities, and fosters close relationships among students, faculty and alumni.

The Graduate Program offers a Master of Arts degree and three Graduate Certificate options, as well as several joint degree options. The program is flexible for both full and part-time study.

For more information, including program philosophy, course and faculty listings, and application procedures, please contact [Vicky Zickmund](#), (336-716-1499) as well as visit the website:
